PROJECTS

Hostel Management System

Jan 2023 - Feb 2023

https://github.com/Aravindh_4195/Hostel_Management_System

This is about managing our college Hostel Our project is divided into three modules.

1)Student

2)Employee

3)Admin

In this way all the management of hostel is segregated and managed by using the techonolgies, HTML,CSS,JS,PHP,SQL.
